**Subject:** Let's Restore the Salmon to the Eklutna River  
**Date:** Tuesday, January 30, 2024 4:17:49 PM

---

Hello--

I would like to see the salmon restored to the Eklutna River, and many who are more knowledgeable than myself have advocated how this can be done.

One cannot accomplish the return of the salmon runs, if one mile below the lake is left dry.

Most persons realize this.

So it is hoped that the Owners will remove the Eklutna Dam so the salmon can return.

Let's get this one done right. Thank you. --MaryLee Hayes, 2611 Hiland Rd., Eagle River, AK 99577
